Borg & Overström Totality™

Driven by a relentless pursuit of excellence, Borg & Overström Totality™ is a research and development methodology for the advancement of hygiene, innovation and technology in refreshment systems.

Ultra-violet sterilising system
For added hygiene confidence, appliances can be fitted with Viovandt™ – an ultra-violet sterilisation process that reduces water-born bacteria.

World-class filtration
For the ultimate drinking experience, Borg & Overström appliances can be pre-fitted with a 3M filter to reduce sediment, chlorine, odours and scale.

Laboratory certified 99.999% bacteria-free
Every Borg & Overström appliance undergoes an anti-microbial, antipathogen, sanitising procedure. The reassurance of hygienically safe appliances is provided by the unique bacteria-eliminating process, Sterizen™.

Biofilm, limescale and impact resistant epoxy resin panel finish
Providing an increased level of hygiene and longevity, Fynil™ is a scratch and impact resistant epoxy-resin surface finish - effectively resisting biofilm development and limescale cohesion.

Beautifully refreshing.

Additions for B3

Cup dispenser blanking panel
Replacement top panel for situations where an integral cup dispenser is not required.

Printed paper cups
Environmentally-friendly disposable cups designed to fit Borg & Overström cup dispensers perfectly.

Deep-sparkle CO² refills
Can be disposed via standard steel recycling or general waste. Requires CO² regulator with gauge.

Sanitisation kit
Six monthly sanitising cycles ensure appliances function at the optimum hygiene levels.

Waste kit overflow sensor
Featuring an audible high-water level alarm to prevent the waste tank from overflowing. Included as standard on floorstanding models.

Leak detection kit
Featuring a moisture sensor that shuts the water supply in the unlikely event of a leak.

Install kit with 3M filter
Install appliances simply and effectively in a wide range of applications. Complete with a 3M filter.

Ultra-violet filter kit
Complete Viovandt™ filter kit to assist in water purification and removal of unwanted micro-organisms.

Wall bracket kit
For added security, use the wall bracket set to anchor your watercooler back to the wall. Simple to fit and unobtrusive.

Rear cover kit
Tamper-proof rear cover anchors the appliance to the wall and protects plumbing and electrical connections. Ideal for public areas.

Beautifully refreshing.
